## Homework Policy:

**Late Work:** Assignments are typically due the day after they are assigned. It is your responsibility to manage your due dates for all classes and be timely in your work. Work will only be accepted during the unit in which it was assigned for 50% credit. If you consistently turn in late work, your parent and/or administrators may become involved.

**Absent Work:** If you are absent, please check the daily slides and google classroom for what you missed. It is your responsibility to catch up on any notes, activities and classwork in addition to the homework and submit them as soon as possible.

**Re-dos:** Assignments that do not show understanding or lack evidence to support answer may be designated as a “redo” regardless of grade received. It is important to have mastery of not only subject matter content, but proper grammar and writing mechanics. This will also ensure that you have an opportunity to master the concept being covered and enhance your writing skills.

Please submit redos under the SAME assignment on google classroom. Do not remove the original assignment. Make sure on your redo paper it is labeled REDO at the top.
